# infinity

**infinity is a signature corporate offering from access that enables you to make unlimited access to access calls for a fixed monthly fee of K4,800, equivalent to K160 per day.**

if you use infinity for just one hour a day, you could save over K45,000 per line per month as compared with making calls on a competitor network for the same amount of time.

infinity is ideal for corporate or small business users that require:

- communication between multiple countrywide offices or branches
- employees to be in constant communication with each other
- a substantive reduction in their communication costs

there is no comparable service to infinity. it offers unparalleled value for money for the discerning corporate user.

with our usage analysis tool, we can calculate your current usage based on your current bills and help you achieve substantial communication savings. to illustrate the possible savings, we only require the following information: the number of prepaid and postpaid lines and the costs associated with each operator.

if you would like one of our consultants to carry out an illustrative usage analysis for you, please do not hesitate to contact us on the following numbers or email address at the bottom stripe.
