

access internet

access offers high-speed EV-DO wireless Internet services, at a download speed of up to 3.6mbps. the current Internet tariff is K10 tambala per mb (or 1 tambala per kb). internet usage is charged according to the amount of data that you download. this ensures that you are only charged for actual usage.

all you need to get access to the Internet is a wireless Internet data card and an **access BOOSTA**. data cards are available from all access points and selected distributors and dealers, while **BOOSTAs** are available from several locations, including access points, distributors, dealers, selected service stations and merchants. look out for the **access BOOSTA** sign to identify locations where **access BOOSTAs** are available. each **access BOOSTA** gives you the following usage:

BOOSTA	what you pay (MK)	what you get (MK)	download in MB	* FREE MB
BOOSTA-2	200	210	21	1
BOOSTA-5	500	535	53.5	3.5
BOOSTA-8	800	870	87	7
BOOSTA-10	1,000	1,110	111	11
BOOSTA-16	1,600	1,795	179.5	19.5
Moni BOOSTA	2,400	2,720	272	32
Silver BOOSTA	4,800	6,080	608	128
Gold BOOSTA	8,000	11,120	1,112	312
Platinum BOOSTA	16,000	28,560	2,856	1,256
Diamond BOOSTA	32,000	66,400	6,640	3,440

each **access BOOSTA** comes with a bonus that gives you **FREE downloads** up to 3,440 mb, which is awarded with the **Diamond BOOSTA**. this gives you up to double what you actually paid for and adds more value for you!
